

# CitruShield®

## PRODUCT INFORMATION

**CitruShield®** is a proprietary blend of biological substances and compounds that apply directly to citrus trees by foliar spray application to increase fruit yields and aid in a recovery from HLB. **CitruShield®** works by efficiently translocating water and nutrient materials into leaf tissue and bark enhancing the tree's absorption ability for proper development and disease resistance. **CitruShield®** has **C100®**, a **GBC Nano-Blend Solution®** inside and other biological ingredients that will aid tree growth and disease resistance, create larger roots, enhance water absorption, improve overall appearance and tolerance for heat and cold.

## INGREDIENTS

Ingredients include **C100®**, nitrogen, citric acid, ethanol, seaweed extract, phosphorous, potassium, fulvic acid, humic acid, amino acids, nonionic glycol surfactants, water.

## ANALYSIS

Nitrogen - Total.....6.80%	Manganese.....0.001%
P205 - Total.....0.05%	Iron.....0.03%
K20-Total.....1.60%	Copper.....0.001%
Sulfur.....0.34%	Calcium.....0.22%
Boron.....0.002%	Magnesium.....0.08%
Zinc.....0.001%	Sodium.....0.33%

## PRECAUTIONS

Avoid contact with eyes, mucous membranes, and prolonged contact with skin. Always use safety glasses and gloves when handling concentrate, have adequate ventilation, and keep containers capped when not in use. If spilled avoid area as material is slippery, avoid contact with porous and painted surfaces as staining may occur.

## DIRECTIONS FOR USE

**Application rate per acre:** Mix by agitation 1 gallon of **CitruShield®** per 100 gallons (minimum) and up to 128 (maximum) of fresh water and apply this tank mix per acre of medium size 150 trees per acre and up to as much as 4 acres of small trees monthly. Amount of material use per acre will vary due to size of trees and row spacing. To encourage root growth of new-plants dip-treat roots in the same rate solution. A surfactant foam reducer may be necessary in sprayers with agitators. Clean spray equipment of any chemical residues before using **CitruShield®**. **Please consult with representative for recommended applications as applications may vary due to tree and soil conditions.**

## CAUTION: KEEP OUT OF REACH OF CHILDREN

- NET CONTENTS:  2.5 Gallons (9.45 liters)  
 2 x 2.5 gallons (18.9 liters)  
 5 Gallons (18.9 liters)  
 55 Gallons (207.9 liters)  
 250 Gallons (947.5 liters)
